Upland in Third Place Among List of Southland City Building Permits

It has never happened before—it may never happen again.

Upland is in third place among the tabulation of cities of Southern California on the basis of their March building permits.

As is always the case, Los Angeles heads the list, with San Diego second. Next in line is Upland—ahead of all other southland municipalities. Pasadena, Glendale, Long Beach, San Bernardino and other rapidly growing cities are below Upland in the tabulation based on the value of new building started in March.

This city enjoys the rare distinction because of its total of $279,200 building valuation last month. A permit for the Upland Housing Authority 100-home project is largely responsible for the March total.

Admittedly, construction is far below normal throughout the southland. Usually all metropolitan communities have much larger building totals than that recorded last month.

The list of cities and the building tabulation appeared in Sunday's Los Angeles Times.

Elks Invest $500 In Bonds Here and $500 In Ontario

Upland's war bond selling campaign was given a $500 boost yesterday by the Ontario-Upland Elks lodge.

Trustees of the lodge recently voted to invest $1,000 in war bonds. Ray R. Sherwood and James T. Vivian, Upland, are among the trustees of the lodge and in recognition of the lodge's large membership in this area, the investment was divided between the two cities.

The Rev. C. R. Heisey, pastor of the host church and president of the Ministerial association, will preside and music for the service will be provided by that church. There will be congregational singing and special numbers, including selections by a trio or quartet.

Many stores and other places of business will be closed from 2:45 to 4 o'clock in order to permit the proprietors and the employes to attend the service.

Brick Being Placed In Construction of 100 New Houses Here

Red brick is being used in the construction of the buildings on the Upland Housing project, but varying pastel colors will be used in the outside finishing of the 100 dwellings.

Masons began laying bricks yesterday and this phase of the construction program will be continued without interruption, according to the plans.

Whether all the houses will be of the same color design on completion has not been revealed by the architects.

Every Rotarian At Meeting Today Puts Money Into Bonds

Upland Rotarians remembered Adolph Hitler today.

It is his birthday anniversary—and so every Rotarian at the club meeting this noon invested money in bonds to help speed bombs to Hitler.

Total investment was $7,750, face value of the bonds being $9,000.

WARREN WASS IS CANDIDATE FOR CHAFFEY BOARD

Warren H. Wass, prominent Upland citrus grower, today consented to become a candidate for a place on the Chaffey board of education. His name will be on the ballot at the annual school election May 21. One place will be filled in that voting, and up until early this afternoon Mr. Wass was the only candidate. Deadline for filing nominating petitions comes tomorrow afternoon.

Mr. Wass is an alumnus of Chaffey high school, being graduated in 1913. He resides with his family on upper Mountain avenue. He is the father of five sons, one of whom is a Chaffey graduate and another one is at present a Chaffey student. Three other sons are Upland junior high school students.

Norman H. Lawson, who has served on the Chaffey board for several years, is not a candidate for reelection, he having recently resigned from this position. Mr. Lawson's term would have expired July 1.

Mr. Wass had been suggested as a likely appointee to fill the vacancy on the board, but Miss Doris Sischo, acting county superintendent of schools, preferred to allow the vacancy to continue until after the election.

Howard Mason, incumbent, is the only candidate for the Upland board of education at the May 21 election.

Public Schools Week To Be Observed by Masons Next Monday

National public schools observance, being held at various times during this month, will be participated in locally next Monday evening, April 26, when the Masonic lodge and the Eastern Star chapter will unite in presenting a program in the Masonic hall.

Details of the observance have not yet been completed, but it is planned to arrange a special program, which will include an address by some well known speaker.

Upland grade schools gave recognition to the special observance last week with the very successful public presentation of an operetta.

In the annual Rotary club peace contest, Miss Nina Nesbit won first place at the meeting of the Upland group at noon today in the Red Hill Country club.

Speaking on the subject, "Everlasting Peace, For This We Live", Miss Nesbit won the majority vote of the club members, each serving as a judge. Second place went to Gwen Cline on "Oil for the Lamp of Liberty", and third place was won by John Ramsey. Cash prizes were given the winners, the speakers being Chaffey high school students selected as the outstanding orators on the campus.

Miss Nesbit is the daughter of Mr. and Mrs. Gordon Nesbit, Ontario, and Miss Cline is the daughter of Mr. and Mrs. Ernest Cline, Upland.

Workers Needed as Surgical Dressings Project Under Way

Production of Red Cross surgical dressings got under way on Monday at the headquarters on Second avenue, with seven volunteer workers turning out 300 dressings.

Although this was a comparatively small beginning, when compared with the huge amount of work to be done, still it was an auspicious start and Mrs. Theodore Stamm, surgical dressings chairman, was highly pleased with the day's accomplishments.

Due to the long-delayed arrival of the gauze, the work is far behind the schedule adopted when the project was assigned to the Upland chapter nearly two months ago, and the production must be accelerated if the chapter is to supply its quota of the surgical dressings that will help to ease the pain and save the lives of many wounded boys.

VOLUNTEERS NEEDED

Upland Junior Welfare League, of which Mrs. Stamm is a member, has undertaken to supply the necessary trained supervisors and a number of women have spent many hours learning in detail the proper way to make the dressings.

These women are ready to give their time every day to teach the workers and supervise the work, as well as making dressings themselves.

The work room has facilities for 20 workers at one time and there can be no doubt that a visit to crowded base hospitals or a tour of emergency stations on the battlefields would send volunteers flocking to fill every chair every hour of every day.

NO FINGERNAIL POLISH

In calling for volunteers Monday, Mrs. Stamm requested that all persons coming to the work room wear wash dresses, and some kind of head covering, preferably a square of white cloth, and leave off all fingernail polish.

The dressings are being made for use on raw wounds and all contamination must be avoided.

Lint from wool clothing, fingernail polish and loose threads on the dressings are sources of contamination.

NEED NOT REGISTER

Workers need not register. They will not be "frozen on the job".

Every woman who can do so is asked to come to headquarters and learn to make the dressings. Then they may spend the day, or they may come in for an hour of work, as their time permits.

Every dozen dressings made may guard that may lives.

The headquarters will be open from 10 a. m to 4 p. m.

SEVEN TO LEAVE FOR ARMY DUTY

Only seven men from this area are included in the group of men who will leave Thursday morning for army duty. The quota of men for departure to army camps is smaller this week than usual, according to Edgar Pierce, secretary of the Upland selective service board.

At the Arlington reception center the soldiers will be assigned to training camps.

The following will be among the group leaving here:

UPLAND

Shephard Sam Schwartz, Robert M. King, Paul G. Malacar, Lloyd C. Owenby, William E. Paulin.

CUCAMONGA

Gilbert G. Ramirez.

ALTA LOMA

Norman H. Clayton.

Fourth Street Is Made Faster Highway

Fourth street, extending from Etiwanda avenue west, has been made a "through" street to aid in the flow of traffic between this area and the Kaiser steel mill.

The county supervisors adopted an ordinance making the thoroughfare a through artery.

MRS. FULLER WINS $85 IN FOOD FUND

The food advertising fund for Wednesday and Thursday of this week totals $15, which will be offered at 6 p. m. Thursday.

Failing to obtain a sales slip Saturday for the first week in many months, Mr. and Mrs. F. P. Barrile, 489 Archibald avenue, Cucamonga, missed the opportunity of winning $25 in the Upland dividend day fund last evening.

Their residential address was selected in a drawing but too much work on Saturday kept them away from Upland and it cost them $25. Their address is on page 28, line 40, in The News' residential directory.

"This is the greatest surprise of my life. I never dreamed this would ever happen to me."

Mrs. Lottie Fuller, city nurse and active community welfare worker, exclaimed thusly immediately after receiving $85.

It was her good fortune to have an opportunity to win the $85 offered by The Upland News food advertising fund. She resides at 351 East Arrow highway.

FROELICH CITRUS RANCH HOME SOLD

Mr. and Mrs. W. H. Froelich have sold their ranch and home at 385 West Twentieth street and are preparing to move to 593 North Eighth avenue, where for the present they will occupy an apartment in the home of Mrs. Froelich's sister, Mrs. M. M. Horsch.

The property, consisting of nine acres of lemons and Valencia and navel oranges and a 12-room residence, has been purchased by Mr. and Mrs. Raymond Clark Miller of Pasadena.

Because his health has not been good during the past two years, Mr. Froelich has found the management of the ranch somewhat of a burden and he and Mrs. Froelich decided to establish a small home nearer to the center of community activities. They expect to vacate the ranch home by Saturday evening or early next week.

Mr. Miller, the son of Mr. and Mrs. Will Miller of 1114 West Seventh street, is owner of Jacmor's suit and dress shops in Pasadena and in Ontario. He will continue to manage the two shops while residing in Upland. He and Mrs. Miller plan to occupy their newly purchased residence in the near future.

H. F. Naisbitt, real estate broker, made the sale.

BIRCH HARRISON PURCHASES GROVE

Birch Harrison, a former Upland banker and prominent citizen, is returning to Upland to make his home here as a citrus grower.

He has purchased from Miss Sarah LeTourneau the 10-acre navel orange grove at Euclid avenue and Twenty-third street. Mr. and Mrs. Harrison are reported to be planning to move to Upland in the immediate future. Miss LeTourneau said that her plans are indefinite. The LeTourneau family purchased the property in 1926.

On leaving Upland, Mr. Harrison went to Carlsbad, N. M., to assume charge of a bank owned by his father, George B. Harrison. He has been living there until recently. He was employed by the Commercial National bank (now Bank of America) when living here.

The realty transaction was handled by Leigh Thompson.

Another transaction reported today is the sale of a 10-acre lemon grove from Richard G. Manley to the Davis Brothers.

FETROW RECEIVES NEW HONORS FOR VALOR IN SERVICE

"For valor and exceptionally meritorious service," Captain Gene B. Fetrow, Upland's most distinguished son of World War No. 2, has received another special honor, according to word received by his parents, Mr. and Mrs. Paul Fetrow, Wilson avenue.

"I understand he was given the new cluster of oak leaves for being on a raid over Paris," reported his happy mother, who from day to day follows reports of the raids and constantly thinks of the fate of her famous flying son.

Captain Fetrow was one of 1700 officers and men of the United States army eighth air force to receive awards for the period from February 23 to March 19. He is stationed in England.

The Uplander has been given decorations at various times for his glorious air triumphs over the Axis planes.

Bringing Mr. and Mrs. Fetrow in very close contact with their son was a telephone conversation recently with Major Gregory Dammond of Burbank, who was "knocked out of the air" at the same time as the Uplander several months ago. At that time a "missing in action" report came about the local flier, this being later rescinded when he returned safely to England.

Among those honored with Captain Fetrow was Second Lieutenant Lloyd E. Patterson of Ontario, he being given the purple heart medal.

He is a former Cal-Aero student, he going there after attending Chaffey junior college. He is the son of L. E. Patterson, 519 West Park street, Ontario.

Citrus Fruit Sells At Ceiling Prices

Citrus fruit continues to bring top or near the top prices in auction centers throughout the nation, according to reports received here.

In New York, for example, 10 carloads of California navels sold yesterday at ceiling prices, as did also 12 carloads of lemons.

RED CROSS BOARD IN SESSION TODAY

Reports were made during the meeting of the board of directors of the Upland Red Cross chapter held this morning at the chapter headquarters at 304 North Euclid avenue. Mrs. Paul Adams, chairman, conducted the meeting.

Report of the surgical dressings department, which began work on Monday, was given by Mrs. Theodore Stamm.

The work of the camp and hospital service committee was told by Mrs. John B. Craig, chairman.

That the home service work, constantly increasing in importance, has doubled during the past month, was revealed by Mrs. Will R. Mason, chairman.

Mrs. H. W. Flowers, production chairmman, reported large quantities of materials made up and many garments shipped out, and Mrs. A. C. Beattie gave a report of activities of the Cucamonga branch.

Report of the work of the nutrition committee, Mrs. J. P. Bert, chairman, was given by Mrs. Warren Wass, retiring chairman.

JR. HIGH PUPILS PASS $1000 GOAL

Junior high school Boys and Girls leagues, including about 300 students, have purchased $1,050 worth of war stamps during the past seven weeks, it was announced this morning by Ernest Camfield, advisor.

When the campaign started the boys and girls set $1,000 as the goal by the end of the school year. They have passed that goal, full speed ahead, and will continue the pace.

City Reaches Half Way Mark as $105,196 Lent In Nation's War Bonds

Up to last evening the people of Upland had invested, in actual cash, $70,196.50 in second war loan bonds, it was reported to the county campaign chairman, W. R. Pattillo, in San Bernardino, by Don E. Palmer, chairman of the sales committee in Upland's campaign.

This money, it was pointed out, has been invested by individuals in comparatively small amounts and the figure does not include the $35,000 being invested by the city council. Including that purchase, which is in the course of consummation, Upland's total now stands at $105,196.50.

This is only slightly more than half of Upland's quota of $207,000.

ALL MUST DIG DEEP

There still is $101,196.50 to be invested in bonds before Upland's collective conscience can be clear.

The adage, "The first $1,000 is the hardest to get," is expected to be reversed in this campaign. According to J. W Shepperson, general chairman, the second $100,000 is going to be hard to find, unless every man and woman in Upland is willing to make temporary personal sacrifices in order to lend the money that will buy planes and tanks and ships; guns and bombs and bullets.

The hundreds of thousands of men on the fighting fronts and the millions of men in training for action are offering their lives. All the people on the home front are being asked to do in this campaign is to lend their dollars—to make a safe investment.

Called by Chairman Palmer on Monday afternoon, the sales committee met and made arrangements to continue their personal contact campaign with renewed vigor. These calls and discussions of the vital necessity for buying the government's war bonds are expected to result in numerous large purchases.

But even with the large investments the committee hopes will be made, the goal of $207,000 cannot be reached unless Tom, Dick and Harry, Mary and Jane express their appreciation of high wages and increased income by purchasing bonds.

Our sons, husbands and brothers are shedding their blood to purchase our freedom.

COMMITTEE PERSONNEL

Members of the sales committee are Chairman Palmer, Frank K. Nichols, Harlow S. Wilson, R. C. Norton, Leigh Thompson, William Vogel, E. H. Gibson, Neal Van Dorin and O. P. Brady.

Opinions Given About War Bond Sales Campaign

Contacted at random as they went about their day's work, a number of Upland citizens paused this morning to give emphatic expression to feelings concerning the second war loan bond sales campaign.

SEES OPPORTUNITY

"It's a wonderful opportunity for all of us to help win the war," said Mrs. Rose Burwell, 391 East Ninth street. "There are millions of us who cannot fight at the front, and many who can't do war work, but we can buy bonds—and they are absolutely essential."

SERVE DOUBLE PURPOSE

Miss Lillian Harnish of the Harnish dry goods store, sees a double benefit in the purchasing of war bonds. "Of paramount importance, of course," said Miss Harnish, "is the winning of the war, and the war cannot be won without a lot of money. Our fighting men must be equipped. It is far better to save a life than to save a dollar, but in buying bonds one can do both, help win the war and at the same time save for the future."

IS WORTHY CAUSE

"I know of nothing more worthy of our attention just now than this war bond loan," is the way I. T. McFadden of McFadden's store puts it. "If our country needs our money in fighting this war, then we should lend every dollar possible. If we don't win the war our money will not be worth anything anyway. So it's up to every one of us to lend our dollars and make sure we win the war."

NOTHING MORE IMPORTANT

"The war bond campaign?" repeated Mrs. Sam B. Rowe of Rowe's hardware store, "I think it is the most important thing in the world right now. Without enough money we can't win the war—and we have got to win the war." "You are right there," heartily agreed Mr. Rowe, who was busy nearby.

INDIVIDUAL JOB

Dr. James V. Latimer, secretary of the Upland chamber of commerce, fervently expressed the belief that purchase of war bonds is not only an opportunity but also a duty placed upon us for our part in helping to win the war.

"Surely, this is one way for us who are too old to be in the army to do our part. Our soldiers expect it of us. We must do it. This is the investment we must make to protect everything else we have."

Little Jesse Smith Learns Needle Not Safe to Play With

Little Jesse Smith, two-year-old son of Mr. and Mrs. John Smith of 588½ North Third avenue, has discovered that a needle may be a "dangerous weapon".

While playing at his home Monday morning, Jesse fell from a couch and a large needle he held in his hand penetrated his wrist and broke in two.

The needle was threaded and Mrs. Smith was able to remove a portion of it by pulling the thread, but the other half remained embedded in the flesh.

Jesse was taken by his father to a physician's office, where the needle was located by the X-ray and extracted.

Frank K. Nichols, Red Cross war fund campaign chairman, reported the success of the local campaign.

Resignation of Mrs. Clyde D. DuVall as director was accepted and Mrs. Craig and Mrs. Wass were named to nominate her successor next month.

RUTH E. GRIFFITH BECOMES BRIDE OF F. H. M'LENATHEN

In a wedding occurring at 8 o'clock Saturday evening in the First Methodist church, the Cathedral of the Foothills, Miss Ruth Evelyn Griffith, daughter of Mr. and Mrs. B. H. Griffith of 1628 North Euclid avenue, became the bride of Frank H. McLenathen, son of Mr. and Mrs. Thomas R. McLenathen of 1088 East Eighth street.

Against a background of potted palms, two large garden boquets were placed at the entrance to the chancel, while on the altar was a bouquet of mixed white lilies and sprays of bridal wreath. The floral arrangement was complemented with tall candelabra bearing lighted white candles.

Music was provided by Mrs. George W. Cassell, church organist. Preceding the ceremony she played "Calm as the Night" (Bohm), "Love's Old Sweet Song" (Molloy), "At Dawning" (Cadman), and "I Love You Truly" (Bond). During the marriage service she played "Oh Promise Me" (de Koven), and the traditional marches were played, the "Bridal Chorus" from Wagner's "Lohengrin" and Mendelssohn's "Wedding March".

Dr. Samuel Hughes, pastor of the church, performed the double ring ceremony in the presence of approximately 125 guests.

The bride, who was given in marriage by her father, was attired in a gown of white satin fashioned with fitted bodice, long sleeves and full skirt, cut with a slight train. With it she worn a fingertip veil of illusion net and a double strand of pearls belonging to her mother. Her bouquet was white sweet peas centered with gardenias.

Attending the bride as maid of honor was Miss Mabel McLenathen, sister of the bridegroom, who wore a gown of pale blue chiffon combined with inserts of blue lace, and she carried blue delphenium and yellow iris.

The bridesmaids were Mrs. Nicholas Ghormley, sister of the bride, of Napa, and Mrs. Leslie Chormicel of Upland. Mrs. Ghormley was attired in pink tulle trimmed with pale blue ribbon bands and she carried Talisman roses and lavender sweet peas. Mrs. Chormicel wore blue chiffon and her flowers were blue delphinium and yellow iris.

Attending the bridegroom as best man was the bride's brother, Howard Griffith, of Napa, and the ushers were Clyde Nolte of Altadena and Thomas R. McLenathen, father of the bridegroom.

Mrs. Griffith, the bride's mother, was attired in a dress of navy clue crepe, with which she wore white accessories; while the bridegroom's mother, Mrs. McLenathen, wore light blue chiffon. Each wore a corsage of pink roses.

Following the ceremony, a reception was held in Fellowship hall, the wedding collation being served at a charmingly decorated table by Mrs. Ernest A. Dart, Mrs. Frank C. Buffington and the bride's attendants.

When Mr. and Mrs. McLenathen left for San Diego, the bride was attired in a tailored suit of pale green light weight wool, with white accessories.

The bride, a graduate of Chaffey high school, is a member of the clerical staff at the Upland branch of the Bank of America. Mr. McLenathen also attended Chaffey and he is now a petty officer in the United States navy, stationed at San Diego for the present.

After spending two weeks with her husband in San Diego, Mrs. McLenathen will return to the home of her parents and will resume her work in the bank for a month. She will then join her husband in San Diego, where they will make their home.

Your Modern Grocer

Your grocer and grocery are modern adaptations of the Latin word "grosser", meaning great or many.

Never has your Grocer been faced with the problem which he is bravely meeting today. MORE MEAT FOR MORE PEOPLE

Meat rationing doesn't give everyone all the meat desired, but it does mean that what meat is available is divided among more people.

The meat supply situation is "improved", and we are constantly endeavoring to provide you at all times with the best and with the greatest possible amount of rationed meat.

More than ever QUALITY COUNTS—and we handle ONLY THE BEST!

What You Can Get—
Not What You Want

There is something bigger now than our own individual wants. It matters not so much that we can't get all the meat and the other usual food items that we normally want. The important thing right now is to win this war so that within a short time we may again enjoy life and all the privileges that go with being in a free land.

Most people are

Thankful

that they can share in what food is available. There is enough nourishing food to go around—and aren't we mighty glad of that. Not just what we want, but what we can get is the rule to be observed.

This market is firmly dedicated to the principle of obtaining our fair share of the available food for our increasing number of customers—and of dividing that food fairly through the point ration system.

You can always depend on WALKER'S FOOD being of the HIGHEST QUALITY. You can be assured that if any certain lines of food are available any place, they are available here.

SISTER KENNY'S TREATMENT TOLD HOSPITAL GROUP

So great was the interest in the program for the meeting of the Woman's Auxiliary of San Antonio Community hospital yesterday afternoon that the attendance overflowed the hospital library and many guests had to be seated in the corridor.

The speaker was Dr. Wayne McFarland, head of the psysiotherapy department of White Memorial hospital in Los Angeles, who returned recently from St. Paul, Minnesota, where he took a two months' course of instruction from Sister Kenny on her method of treating infantile paralysis.

He opened his talk by giving a background of the life and work of Sister Kenny, who was formerly a public health nurse in Australia. For thirty years she crusaded to get recognition from medical doctors for her method of treatment, but until recent years was not able to gain even their favorable attention. Today, her methods are accepted by the American Medical association and by the Infantile Paralysis foundation.

Dr. McFarland explained that Sister Kenny's treatment consists of hot packs and fomentations applied at frequent intervals, and muscle re-education. Her method does not cure all children, he said, but it does relieve the pain in five or six days, where it took that many weeks with the method formerly used of applying casts and splints. In the 170 cases which Dr. McFarland has followed there have been no contracting deformities, he said.

He supplemented his talk with pictures showing patients before and shortly after receiving treatments from Sister Kenny, with results almost unbelievable.

Dr. McFarland was accompanied by a physiotherapy technician, who showed the bed set-up and demonstrated how the hot packs are applied. No joint is covered in the treatment.

Sister Kenny's method of treatment is now being given at a number of large hospitals in and near Los Angeles, the doctor said.

Dr. A. A. Aita, hospital administrator, introduced the speaker.

Mrs. John H. Hooval, Auxiliary president, presided over the session, and most of the business matters were dispensed with.

Mrs. L. Dudley Phillips, chairman of the entertainment committee, announced the spring dance which will be held on the evening of May 1 at Red Hill Country club. This is the only money-making project of the group, and the proceeds will go to the sick baby endowment fund.

Announcement was made by Mrs. Hooval that election of officers will be held at the May meeting, and annual reports will be given. The nominating committee is composed of Mrs. A. L. Weber, chairman; Mrs. Earl H. Johnson and Mrs. Edred W. Drew. Because of war conditions, there will be no luncheon on the hospital veranda as has been the custom for the past several years, and the meeting will be held at 3 o'clock as usual.

Woman Admits Theft Of Narcotics; Asks For "Hospital Cure"

Miss Neva Withers, who allegedly stole narcotics while a nurse at a local hospital, admitted to Upland authorities yesterday the theft of the drugs and later she asked to be committed to a state institution for treatment.

Employed here only a short time, Miss Withers admitted she was a drug addict. She was scheduled to appear in superior court at San Bernardino this afternoon for commitment to a hospital.

THIEVES BUSY ON LOCAL PROPERTY

Persons bent on obtaining property belonging to other people were busy in Upland and Ontario over the week end.

Three burglaries and an attempted burglary were reported to Upland police while Ontario authorities were busy checking on a house robbery and looting of automobiles and shop-lifters.

A. B. Burton, 155 Euclid place, reported that at least 12 gallons of gasoline had been taken from his car and that his residence had been entered with his wallet and gas ration book being stolen.

Hall's Arrow service station was entered, glass in the front door being broken. The loss was 41 pennies.

J. D. Abercrombie, 1044 East D street, Ontario, reported the theft from a truck parked at the Upland Heights Orange association, of two sets of socket wrenches, one set of heavy bog sockets, one set of think sockets, and 10 gallons of gasoline.

Joe Seitz reported that someone attempted to enter his station at Foothill boulevard and Second avenue.

In Ontario, Mr. and Mrs Duncan Engle, 727 North Vine avenue, returned home after an hour's absence to frighten away a burglar, after clothing, shoes, watches, gold pencil, and other articles were stolen. Drawers containing silverware and other valuables were left open, but nothing was missing.

In recent years the French restored olive culture in North African areas now occupied by U. S. troops.

GROUND OBSERVERS PROGRAM COMING

Of interest to all men and women who serve in the ground observation corps is an important and interesting program to be held in the Chaffey junior college auditorium May 6.

Harvey McMasters and Ralph Santolucito, chief observers in Upland and Cucamonga, joined today in urging all observers and all persons who would like to serve to attend the meeting.

Moving pictures will be shown and in addition Captain Paul V. Barnes will speak. Questions will be permitted from the observers and a general discussion will be held on the observation service.

Wives and husbands of the observers are invited to attend. The meeting is for all observers in Upland, Cucamonga and Ontario.

Mrs. O. P. Thomas, Jr., wife of Commander Thomas of the U. S. Navy, who has been in Upland for a few months, is desperately ill in the Pomona Valley hospital. She became ill suddenly a few days ago and was rushed to the hospital. She is a sister-in-law of Mrs. Howard Pierce of 1632 West Foothill boulevard.

The service was conducted by her pastor, the Rev. Earl R. Reynolds of the Ontario Seventh Day Adventist church. He was assisted by a former pastor, the Rev. B. W. Brown of Puente.

THE SECOND WAR LOAN DRIVE IS ON!

Come On, Let's WIN This War!

If we should lose the war, life would not be worth living.
"But we won't lost it," you may say.
Listen, brother—in this world nothing's sure, unless you make it so.
This month it's up to us here at home to do our part, and then some, to make Victory surer—and quicker! To do it, we've got to lend Uncle Sam 13 billion EXTRA dollars.
It isn't easy—but war isn't easy and Victory isn't cheap. It takes money—and more money—to buy planes, ships, tanks, guns and a million other things our boys must have to deliver that final, paralyzing knockout punch.
And it's a whale of a lot easier for us at home to lend our money than for our boys to fight through the hardships and dangers of deserts, swamps, jungles, ice-fields and sub-infested seas!
Just think! Every extra bond you buy will help provide the weapons to save the lives of many American boys! Isn't that alone worth every effort, every economy you can make? You bet it is!
There are seven types of U. S. Government securities to meet the needs of every purse. They offer the finest investment in the world — liberal interest, plus securities guaranteed by Uncle Sam himself.
A volunteer worker for the Second War Loan Drive may visit you soon. Welcome this unselfish patriot—and buy all the bonds you can. But don't wait for that call. Go — today — to your bank, investment dealer, broker, post office or bond booth and invest to your uttermost limit. Even if it hurts, it's nothing compared to the agonizing impact of a bayonet thrust, a flesh-tearing torpedo fragment or a bone-crushing bullet.
So dig deep, brother, and do it NOW!

There Are Seven Different Types of U. S. Government Securities—
Choose the Ones Best Suited for You!

THEY GIVE THEIR LIVES . . .
YOU LEND YOUR MONEY!
